

An On-going Discovery Learning

Twenty high spirit students of IPMI International Business School class of 2021 are working their ways toward becoming the future business leaders. The IPMI discovery experiential learning processes encourage them to unleash their utmost potential by rediscovering their spiritual commitment. The beauty of the process lies in the diversity of the cultural, religious, and tradition background of the students.

Here, in Ipmi they learn to appreciate their teammate from different cultures and different beliefs. They learn to overcome the inter-cultural differences and become a part of the cosmopolitan melting pot of The Global Citizen, yet still rooted down to their local wisdom and rich cultural and religious heritage. When it comes to their spiritual commitment, they are ready to become A Change Maker supporting a Better World.

Foreword by Prof. Ir. Aman Wirakartakusumah, M.Sc., Ph.D. | Dr. Ir. Amelia Naim Indrajaya, MBA and IPMI Class of 2020

MY SPIRITUAL COMMITMENT
