Plagiarism is a serious issue around the world in the arena of manuscript writing. Plagiarism means “the unauthorized use or close imitation of the language and thoughts of another author and the representation of the one's own original work”. This is generally noticed that, authors are simply copying scientific data and information from the other published papers, which is an awful practice in academic fraternity. Therefore I request to the all our author(s) please adopt the holistic & pragmatic approach to design the manuscript of interest. Hence IJMRBS will not be responsible for further action on Plagiarism issue. The author will be solely responsible for plagiarism issue.

I am the corresponding author and have the consent of my co-authors to sign on the declaration on their behalf. I have also informed them of the same.
